

NEW Text Message System

The VCSC is asking parents to Opt In Manually to the new School Messenger Text System. This is the manner by which I will communicate with you, including delays and cancellations.

Here are the Steps for Opting in Manually.

1. If you have a new cell phone number please make sure this new number is in our computer system at Lost Creek. If you are unsure if the new number is correct in our computer data system please call the school office at 812-462-4456 and check.
2. If the cell number you originally registered your child(ren) with at the beginning of the year has not changed that is the cell number we will be using.
3. In order to receive text messages from Linda Biggs, School Principal, you will need to do the following; make sure we have your correct cell phone number type Text Y or Yes to 67587 and you will be signed up.

***If you have any questions please don't hesitate to give the office a call at 812-462-4456.**
