LIAISON WITH SCHOOL BOARDS ASSOCIATIONS

The Board of School Trustees instructs the Superintendent to keep the Board fully informed on the affairs of the State and National School Boards Associations and, contrariwise, to keep these organizations informed, as directed from time to time, of the Board's concerns and official positions on matters of common interest and concern.

In addition to desiring informational liaison between itself and the School Boards Association, the Board is also desirous of being officially represented in Associational affairs via the election of delegates and/or observers to the governing assemblies of these organizations. Further, individual School Board Members who desire to serve in some official capacity with the state or national association shall inform the necessary appointing authority.
