SUPERINTENDENT'S CONSULTING ACTIVITIES

The Board of School Trustees expects the Superintendent of Schools to devote undiminished attention and energy to the concerns of the Vigo County School Corporation. The School Superintendent may not be engaged in any other employment nor in long term consulting assignments. However, the Board of School Trustees recognizes the Superintendent's obligation to contribute to the profession of school administration and to the cause of public education generally. This policy, therefore, does not prohibit the Superintendent from undertaking occasional consultative work which does not conflict with obligations to the School Corporation. Neither does this policy prohibit the Superintendent from undertaking public speaking responsibilities so long as these do not conflict with obligations to the School Corporation. Any such task that requires the Superintendent's absence for three or more days must have prior approval of the Board of School Trustees.
