

VIGO COUNTY SCHOOL CORPORATION  
TERRE HAUTE, INDIANA

File:   CDA  

**OTHER ADMINISTRATIVE STAFF**

The Board of School Trustees recognizes that a certain number of administrators are needed in order to properly administer the programs of the school corporation. It is the policy of the Board of School Trustees, upon recommendation of the Superintendent of Schools, to consider the need for administrators and to approve or disapprove positions which are recommended.

The Superintendent of Schools has the responsibility for clearly delineating the job responsibility of any administrator so as to assure adequate lines of communication between those who are assigned administrative duties and to eliminate needless overlapping of responsibilities.

Adoption Date:       January 17, 1977
