TEXTBOOK RENTALS

The Board of School Trustees directs that a Textbook Rental Program be established in the Vigo County School Corporation which will conform with the requirements of state statutes.

To this end, all Schedules of Textbook Rental Charges will be established by the Superintendent of Schools or his designee and reviewed annually by the Board of School Trustees.

The Superintendent of Schools or his designee shall see that textbooks are furnished to all children for the approved rental fee. If the parent or guardian of the student believes that he is unable to pay the Book Rental Fee, he may file for textbook assistance. The eligibility criteria for textbook assistance for school children shall be established as required by State Law.

Each application for assistance shall be filed with the appropriate school principal at the beginning of the school year or at such other time as deemed appropriate. The Superintendent of Schools or his designee shall establish procedures to make a preliminary determination of eligibility. The procedures shall be in compliance with the requirements set forth in state statutes.
