

VIGO COUNTY SCHOOL CORPORATION
TERRE HAUTE, INDIANA

File: **DJAB**

QUALITY OF GOODS AND SERVICES

The standards of quality for goods and services to be purchased by the school corporation should be determined by considering basic criteria, contributing personnel, influencing factors, statements of specifications, and sampling and testing of goods and services.

The competitive bid or quotations approach shall be used as required by law or specified by the Board.

To assist in the determination of quality standards and to insure adherence to these standards, the Business Office shall:

1. Furnish advice and technical assistance for determining the quality of supplies, services, and equipment to all levels, departments, or areas of the school corporation.
2. Assure qualified sources of quality products consistent with established specifications.
