SCHOOL BUS RIDERS

Transportation is furnished all secondary school students whose actual walking distance between home and the school they are required to attend generally exceeds one and one-half (1.5) miles.

Transportation is furnished all elementary school students whose actual walking distance between home and the school they are required to attend generally exceeds one (1) mile.

Transportation to or from school, dependent on the session attended (a.m. or p.m.), is furnished all kindergarten students whose actual walking distance between home and the school they are required to attend generally exceeds one (1) mile.

Transportation may be furnished for shorter distances, if upon recommendation of the Superintendent, the Board concurs that the walking distance is unreasonably hazardous relative to the age of the students concerned.
