**SCHOOL BUS SCHEDULING AND ROUTING**

The appropriate administrator shall be responsible for scheduling all bus transportation, including the determination of routes, bus stops, rules and regulations, and all other matters relative to the transportation program. Building principals shall provide student transportation data to the transportation office as required for planning purposes. Bus routes should generally be designed to limit the time in transit to a maximum of one hour.

Consideration for the location of bus stops should include:

1. Concentration of riders
2. Distance from the home to the bus stop
3. Safety of loading area

Children shall not be allowed to leave the bus until reaching their destination.
