**INSURANCE MANAGEMENT**

The Board shall maintain an adequate insurance program to protect the property of the corporation against fire, vandalism, theft and other perils; to protect the Board members and other employees against general liability resulting from the discharge of their duties; and to offer protection against injury for all employees while acting on behalf of the corporation. The Board may also authorize and participate in insurance programs of life, health and accident, and other group programs for the benefit of corporation employees.

The appropriate administrative staff members, as designated by the Superintendent, shall manage the insurance program.
