COMMUNITY RESOURCE PERSONS

The Vigo County Board of School Trustees recognizes that one of the greatest resources of the school district is to be found in the citizens of the community who have special knowledge and particular talents to contribute to the school program. The Board, therefore, encourages the use of community resources and citizens to assist in furthering the educational program.

Furthermore, the Board wishes the professional staff to be concerned with locating and contacting people who might serve as resource persons in particular units of study. All requests to use such persons should be approved by the building principal.
