SCHOOL ATTENDANCE DISTRICTS

The Board of School Trustees recognizes the values inherent in the neighborhood concept, particularly for children of the elementary schools, and asserts that first and foremost in any consideration relating to this issue will be the educational welfare of students.

The term "neighborhood", as used in this policy, is defined as that geographical area which is sized accordingly to assure equal opportunity for ownership by all members of that school district.

Adoption Date: December 8, 1976; Revised: November 21, 1983; October 28, 1996
